

## **ARDMOURNE HOUSE- FIVE-COUNTIES-HOLIDAYS**

### **Information on English Language & Horseriding Programme**

We are a small Family run establishment which combines English Language Courses with Horse Riding. The accommodation consists of Guest House with the language classroom to the rear of the building - stable yard and equestrian shop are adjacent. If you check out Ardmourne House & Stables on the internet you will find pictures of the house and stables and the surrounding area.

English Language Courses are run on a Monday to Friday basis and conducted in the morning from 9am – 12.30pm.

On day 1 students are assessed and Courses are offered at pupils level. (It is advisable to clarify level of English reached in school/now, at time of booking). Classes are kept small, (6max), in order to give each student the maximum benefit of the English Course. Our teacher holds a BA Honors Degree in International Business Communication (Languages, Business Studies and Computers) with a Post Grad. Diploma in T.E.F.L. with many years experience and offers a wide range of English Tuition. For example, standard English, business English, and preparation for Cambridge Level 1 & 2 examination.

Afternoons are taken up with horseriding. There are 2 riding arenas adjacent to the Stables, outdoor and indoor, this is where you get to know your 4 legged friend before going out on the trails. All our trails are guided. You and the instructor/stablehand will find a horse to suit you and he is yours for the entire holiday. We have many different trails and even a pub trail, for those over the age of 18. Saturday, we ride at the Atlantic Ocean on miles of sandy beach - an experience not to be missed, and on Sunday, we ride a 2 hour forest trail and then guests are taken to local towns to shop or sightsee.

Note: For riding please bring, riding trousers, appropriate footwear & gloves. Helmets are supplied. Horse Riding equipment is available for purchase in the Barn Shop if required.
